

MARIPOSA

The wines Mariposa are made in a natural way, preserving the most of the natural aromas, flavours and natural acidity of the grapes of the Dao region. They are light and fresh, to drink young, but still with a good aging potential, which is a characteristic of the wines of the region. They are modern, but carry the character of Dao region.

2021 HARVEST. It was a year that we can consider normal and without major meteorological surprises, which resulted in a very balanced harvest. Spring had rain with mild temperatures, conducive to the spread of diseases, which meant greater attention to the vineyard. The quantities were quite good, considering the previous 3 years, in which there was a drop. This will be a good harvest for aging wines.

VINIFICATION. The grapes were harvested manually for small boxes of 20 kg, with pre-selection in the vineyard. The grapes were again selected on a sorting table, cooled and immediately pressed. The resulting must was transferred to new (1/3) and used French oak barrels, where it completed the fermentation and where it remained for about 6 months, with battonage, to gently stir the fine lees and blend it with the wine.

QUINTA DA
MARIPOSA

Type. white wine
Region. Dão
Denomination. DOC Reserva
Vintage. 2021
Grape Varietals. 100% encruzado
